FREEPORT
RUSTIC WINDOW SHADE FACTORY,
Cor. ADAM and GALENA Streets.

Reasons why Rustic Window Shades are used in preference to all other Shades.

1st. No fixtures to buy or put up. 2d. They can be hung or unhung in a minute. 3d. They are the most convenient and handsome Shade. 4th. Their durability, lasting from five to ten years. 5th. They answer the purpose of musquito and fly bar, inside blind and widow shade. 6th. It is not necessary to entirely close a 10-noon, shutting out all light and air to keep flies out, but the shade can be let down, the window raised, admitting air and a soft twilight, but excluding flies, etc. 7th. They make truly a delightful appearance, especially when overhanging with lace curtains. Chambray shades are flimsy, oil cloth with break, with paper you have torn shades half of the time, and lasts but six months, but Rustic Shades: as they are now made have none of these defects.

We make any size to order, and send them by Express to parties residing at a distance. They are well adapted for Store, Church, and School House windows.
